Congress			75th FIP Congress		

I am pleased to report that during the second half of 2017, two FIP Specialized World Stamp exhibitions under FIP Patronage had taken place, namely, BANDUNG 2017 which was held from August 3 - 7, as well as BRASILIA 2017, from October 24 - 29. On behalf of the FIP Board, I would like to congratulate the respective organizing committees for their success in holding these well-received exhibitions, despite all the challenges that they had faced.

In BANDUNG 2017, the FIP Board initiated a trial to subsidise a portion of the costs of the Palmares tickets for up to 50 exhibitors and it was very well received. We look forward to providing the same subsidy again via future exhibition organisers who are keen to offer this to their exhibitors.

During BRASILIA 2017, the FIP Board also conducted two joint meetings on October 29 - the first one with the Presidents of the three continental Associate Members, and another meeting with the Chairmen and Secretaries of the FIP Commissions. A cocktail reception following the meetings was hosted by FIP in honour of all delegates present to facilitate more interaction and exchange of ideas, including how philately could be further promoted, especially amongst the youths. The FIP Board truly appreciates everyone's dedicated involvement and contributions.

Together with our member federations and Commissions, we are looking forward to the exciting plans and progress that shall be taking place in the upcoming years and these shall be further reported.

The FIP Board is also pleased to announce that the soft copies of FLASH as well as the Palmares results of FIP world exhibitions, starting from BANDUNG 2017, can be downloaded from the FIP website. All information regarding FIP Grand Prix Awards can also be found at this comprehensive website www.grandprixclub.net. In case some members are still not aware, the links to the websites of the FIP Commissions can be found at www.f-i-p.ch/fip-organisation/commissions-sections.

Coming up in 2018, there shall be three exhibitions under FIP Patronage, namely the ISRAEL 2018 World Stamp Championship exhibition (May 27 - 31), PRAGA 2018 Specialized World Stamp Exhibition (August 15 - 18) and THAILAND 2018 General World Stamp exhibition (November 28 - December 3), during which the 75th FIP Congress shall also be held on December 2.

I trust that 2018 shall be a very exciting and rewarding year ahead for all and I am looking forward to seeing everyone again.

Tay Peng Hian, RDP, AMN
President, FIP

Me complace informarles que en la segunda mitad del 2017 se realizaron dos exposiciones especializadas mundiales bajo el patrocinio FIP, estas fueron, BANDUNG 2017 que se llevó a cabo del 3 al 7 de Agosto, así como BRASILIA 2017 del 24 al 29 de Octubre. En nombre del Consejo Directivo FIP, me gustaría felicitar a los respectivos comités organizadores por su éxito en la celebración de estas bien recibidas exposiciones, a pesar de todos los desafíos que enfrentaron.

En BANDUNG 2017 el Consejo Directivo FIP inició una prueba para subsidiar porción de los costos de los tickets del

Palmarés para hasta 50 expositores, lo que fue muy bien recibido. Esperamos ofrecer nuevamente el mismo subsidio a través de los organizadores de las exposiciones que deseen ofrecer esto a sus expositores.

Durante BRASILIA 2017 el Consejo Directivo FIP condujo el 29 de Octubre dos reuniones conjuntas, la primera con los Presidentes de los tres Miembros Asociados continentales, y otra reunión con los Presidentes y Secretarios de las Comisiones FIP. La FIP ofreció un cóctel luego de las reuniones en honor a todos los delegados presentes para facilitar más interacción e intercambio de ideas, incluida la forma en que la filatelia podría promoverse aún más, especialmente entre los jóvenes. El Consejo Directivo FIP aprecia realmente la participación y contribución ofrecida por todos.

Junto con nuestras federaciones miembro y Comisiones, esperamos con interés los emocionantes planes y progresos que se darán en los próximos años, los cuales se informarán con más detalle en el futuro.

El Consejo Directivo FIP también se complace en anunciar que el FLASH, así como los Palmarés de las exposiciones mundiales FIP, empezando con BANDUNG 2017, se pueden descargar del sitio web de la FIP. Toda la información relativa a los Grandes Premios FIP también se puede encontrar en el sitio web www.grandprixclub.net. En caso de que algunos miembros aún no estén al tanto, los enlaces a los sitios web de las Comisiones FIP se pueden encontrar en www.f-i-p.ch/fip-organisation/commissions-sections.

En el año 2018, habrán tres exposiciones bajo el Patrocinio FIP, a saber, el Campeonato Mundial ISRAEL 2018 (27 al 31 de mayo), la Exposición Mundial Especializada PRAGA 2018 (15 al 18 de agosto) y la Exposición Mundial TAILANDIA 2018 (noviembre 28 - 3 de diciembre), durante la cual se realizará el 75º Congreso FIP el 2 de Diciembre.

Considero que el 2018 será un año emocionante y gratificante para todos y espero volver a verlos a todos nuevamente.

Traditional Philately Seminar in Bandung

The Chairman of the Traditional Philately Commission, Lars Peter Svendsen held a FIP qualifying seminar on rules and regulations when judging traditional philately exhibits in August in connection with the FIP Exhibition Bandung 2017.

39 attended the seminar and 14 indicated their interest in becoming a jury apprentice at a coming FIP exhibition.

Lars Peter Svendsen explained with a Powerpoint presentation the rules, regulations and guidelines with a special focus on the Traditional Philately Judging Checklist, an effective tool to remember all aspects in judging and points giving for the different judging criteria.

Many of the check list points were documented with examples of stamps and covers in the presentation.

The presentation and the checklist can be downloaded from the commission WEB-site www.traditionalphilately.dk under Links etc. and then Downloads. Direct address <http://www.traditionalphilately.dk/links-etc/downloads.html>

Delegates to the commission and other interested are welcome to use the presentation locally in their countries.

Short Report on the Bandung FIP Qualifying Seminar for Thematic Philately

by Peter Suhadolc, TH Commission Chairman

The FIP Thematic Qualifying Seminar was held in the TRANS Luxury Hotel in Bandung,

Indonesia on August 5, 2017 at 14:00. The TH Commission Chairman Peter Suhadolc and Secretary Tono Dwi Putranto presented two powerpoint lectures entitled, respectively:

JUDGING THEMATIC EXHIBITS:

Understand the rules to achieve excellence in judging.... and exhibiting

MATERIAL IN A THEMATIC PHILATELY EXHIBIT

Some Guidelines

The seminar was attended by 42 people, filling all room capacities. They came from 14 FIAP, 4 FEPA and 2 FIAF

affiliated countries. The attendance was varied, mainly composed of more or less experienced exhibitors in thematic philately, but also other persons interested in thematic philately, potential future exhibitors.

The Chairman spoke for about 80 minutes, followed by the Secretary talk lasting 20 minutes. Questions were allowed also during the talks and many used this opportunity. The two talks were followed by a 20 minutes long discussion on several aspects of thematic philately, particularly on appropriate material allowed in thematic exhibits. The questions and answers could have gone further, but the room had to be emptied to allow the next scheduled event.

We foresee a more hands-on approach for perspective future jurors. A FIP Commission has been set up to study this problem. The TH Commission will tentatively try such an approach in the next exhibition in Brasilia 2017 in October this year.

Seminar of the FIP Commission for the Fight against Forgeries

by Tay Peng Hian, FIP President, & Geoffrey Kellow, Chairman of the Commission

The seminar by President Tay and Geoffrey Kellow was well presented. Geoffrey Kellow gave insights into the workings of the expert group, which normally consists of a Team Leader and two to three members.

For greater details, please refer to FLASH 123 pages 5-9 for the article on “An Operational Guideline for Expert Group at Work at FIP World Stamp Exhibitions.”

President Tay presented a few examples of questionable items as identified by past expert groups. The workshop

was well attended by about 25 delegates and there were active discussions after the presentations.

Report on the Brasilia 2017 FIP Qualifying Seminar for Thematic Philately

Peter Suhadolc, TH Commission Chairman

The Brasilia2017 FIP Thematic Qualifying Seminar was held in the Aguas Claras room in the Guimarraes Center in Brasilia, Brazil, on October 26, 2017 from 9:30 to 12:30 and from 13:30 to 16:00. The former and present Chair of the TH Commission Damian Läge and Peter Suhadolc, respectively, presented powerpoint lectures:

Peter Suhadolc

THEMATIC TREATMENT: Some examples

RARITY OF MATERIAL IN THEMATIC EXHIBITS

Damian Läge, invited by the Brasilia2017 organizers, also delivered a presentation on ASPECTS OF THE EVALUATION OF THEMATIC EXHIBITS.

20 people participated to the Seminar (official list), but several other attended only parts of the Seminar. The 20 participants came from 6 FIAF, 3 FIAP and 1 FEPA affiliated countries. The majority, 8 people, were Brazilians. The attendance was varied, mainly composed of more or less experienced exhibitors in thematic philately, but also other persons interested in thematic philately, potential future exhibitors. Questions were allowed also during the talks and many used this

opportunity. Handouts of the descriptive part of the Seminar were given to participants.

In the afternoon there was a practical part in which three teams were invited to score several criteria of six exhibits shown. Three exhibits were common to at least two judging teams.

The practice took quite some time, due to lively discussions of the participants in front of the frames. At the end the scores of the teams were reviewed and compared to the 'official' score. The results were on the average rather homogeneous and agreed with the 'official' ones, although several participants proposed scores about 5 points off.

The new 'hands-on' approach was unanimously considered as extremely positive.

It was proposed, however, not to hold such workshops during the initial or central part of the exhibition, since many perspective participants are then taken by Commissioner or judging duties. Maybe a day towards the end or after the closing of the exhibition would be a more appropriate time.

POSTAL STATIONERY EXHIBITING SEMINAR AT BRASILIA 2017

by Lars Engelbrecht, Chairman

During the FIP exhibition Brasilia 2017 the Postal Stationery Commission Chairman Lars Engelbrecht held a postal stationery seminar for exhibitors and jurors with focus on how to build, improve and judge an exhibit. The agenda was:

How to build a postal stationery exhibit

- The idea and purpose of the exhibit
- The material available
- The story in the exhibit
- Practical advice

In this first part an exhibit was used as example on how to start up an exhibit by defining the idea and purpose of an exhibit based on the material available for the exhibitor.

Then several very different introduction pages were read and discussed by all participants, and it was discussed how to recommend to the exhibitor ways to improve it in order to help the jurors understand and prepare the judging of the exhibit. The agenda for this second part was:

Learning from other exhibits

- Introduction pages
- Page layout
- Description of items
- Placing text and items on the page
- Balance in the frame

Finally all participants judged three different one frame postal stationery exhibits. Each participants' results were recorded and the variety of the judging was discussed and the correct judging per judging criteria was agreed. Furthermore it was discussed what kind of feedback each exhibitor should have.

This new approach to workshops proved to be very good in regard to involving all participants and not only looking at PowerPoint slides. However a workshop in this form is much more time consuming and requires a lot more preparation. We will be developing the new seminar format further and will continue to offer postal stationery exhibiting and judging seminars at all FIP exhibitions.

PRAGA 2018 Specialized World Stamp Exhibition

The history of PRAGA stamp exhibitions starts in 1938, when Czechoslovak collectors organized the first PRAGA stamp exhibition. This was a remarkable event organized by the Czech stamp enthusiasts speaking both Czech and German languages led by L. Bednár executing the position of the Chairman of Organization Committee. The exhibition has not received only the F.I.P. patronage, but it has been organized also under auspices of Czechoslovak minister of Post & Telegraphs as well as by the Foreign Affairs, the exhibition has been supported by City Major of Prague as well as by the members of the diplomatic corps.

However the exhibition was very successful attracting attention of whole philatelic world, the WWII limited the possibilities to organize a similar event. The first attempt occurred in 1950, when a group of Czechoslovak collectors tried to organize PRAGA 1950 as an international philatelic exhibition. Unfortunately, the attempt was for many reasons not successful: external ones like lack of money being primarily needed for financing the post-war reconstruction of the Czechoslovak industry and the internal ones represented by the internal disputes among the stamp collectors.

The next (successful) attempt was executed in 1955, when PRAGA 1955 organized as the international stamp exhibition came into history. The patronage to the exhibition was provided by the President A. Zápotocký, majority of the exhibitors came from the Communist countries and some exhibits were the collective ones, however we find the very reputable collectors in the Exhibition Committee with a prominent example of L. Berthelot.

The next PRAGA exhibition organized in 1962 was a totally different event. The idea of bringing philately to the working class was over and the exhibition was open for the collectors around the world. Thanks to the FIP support, PRAGA 1962 was the very first World Stamp Exhibition in the philatelic history.

PRAGA 1962 postal stationery cancelled at the exhibition post office on Sept. 1, 1962, the F.I.P. Day

PRAGA 1968 was similarly to PRAGA 1938 organized in a politically hectic time. This was the period of

hope to change Czechoslovakia, the Prague Spring 1968 movement was still active, the Soviet armies occupied Czechoslovakia just few weeks later. The popular President L. Svoboda became patron of the exhibition.

The climate for PRAGA 1978 changed again. Czechoslovakia already "absorbed" the 1968 shock trying to establish the political and cultural connections with the Eastern and Western countries.

PRAGA 1988 belonged to the largest stamp exhibitions of the philatelic history showing the best stamps around the world. The commissioners and jury members were represented by persons like J. Wolff, H. Jäger or G. Lindberg. Ladislav Dvoráček was supporting the exhibition as the F.I.P. President as the only Czech collector being elected to this prominent function. The greatest rarity shown at PRAGA was a newspaper addressed to the ex-Emperor Ferdinand of Habsburg living in Prague being franked with block of twelve (Austrian) Yellow Mercury newspaper stamps (1851) exhibited by A.D. Kroo.

The next PRAGA 1998 exhibition was much smaller occupying the modern building of the Fair Palace in Prague. It was the first exhibition after the Velvet Revolution of 1989 being for the first time not supported by any governmental authorities.

To finish our journey through the PRAGA exhibitions, I shall mention the last PRAGA exhibition organized in 2008. This exhibition received a very positive feedback from both philatelic and non-philatelic public attracting 45.000 visitors for just 3 days of its duration! You might still remember the queues at the entrance of the Court of Honour.

The coming PRAGA 2018 exhibitions shall continue the long-time tradition of the PRAGA stamp exhibitions. PRAGA 2018 to be executed under the patronage of F.I.P. and under the auspices of the European Philatelic Federation (FEPA). The main organizer is the Union of Czech Philatelists. The exhibition will be open for qualified exhibits in the traditional, postal history, philatelic literature, revenue stamps, open class, one-frame, and modern philatelic classes.

Clarion Congress Hotel in Prague

We have selected the great venue of Clarion Congress Hotel in Prague allowing us to keep the main exhibition area together with the accommodation facility of the

guests and visitors being additionally equipped with the shopping mall and the parking house. There is a Metro/Underground station next to the hotel allowing an easy access to the city centre of Prague (with approx. 20 minutes transportation time).

But the venue is not the only one selected for PRAGA 2018: the Prague Postal Museum will be the location showing the Philatelic Literature Class. It will be joined by the Mucha Museum Prague introducing the works of the famous Czech painter Alfons Mucha, who is also the author of the very first Czechoslovak postage stamps and banknotes. Finally, PRAGA 2018 will be accompanied by the EXPO Stamp Fair situated at the Olympik Tristar Hotel near the main exhibition building. Please find here the summary of all the PRAGA 2018 locations.

The event is to be crowned by the (traditional) presence of the Blue and Red "Post Office" stamps of Mauritius (1847) and the famous "Bombay Cover" (1850) franked with two pieces of Mauritius Red "Post Office" stamps. The difference to the previous PRAGA exhibitions is the fact, that all the above Mauritius rarities come from a reputable Czech philatelic collection, whose owner decided to introduce the unusual philatelic material to the local and global philatelic community. But the Mauritius stamps are not the only rarities shown at our exhibition, other rare stamps will be provided by Christoph Gärtner Company acting as the main philatelic partner and the official auctioneer of the event.

PRAGA 2018 is enjoying a strong support not only from the stamp collectors' community, but also from the official authorities. The exhibition has received an auspice of Mrs. Adriana Krnáčová, City Major of Prague,

Mr. Daniel Herman, Minister of Culture of the Czech Republic as well as from Mr. Lubomír Zaorálek, Minister of Foreign Affairs of the Czech Republic. The event is not only the stamp exhibition, but also a celebration of the centenaries of WWI end, creation of the Czechoslovak Republic, creation of Prague Postal Museum, issuance of the first Czechoslovak postage stamps and stationary (all 1918) and the 25th anniversary of Czech Republic declaration (1993).

You will find more information at the exhibition website www.praga2018.cz. PRAGA 2018 has been scheduled for August 15 – 18, 2018. We are looking forward to meeting the stamp collectors around the world here in Prague!

LA LI ASAMBLEA DE LA FEDERACIÓN INTERAMERICANA DE FILATELIA SE REUNIÓ EN BRASILIA

Entre el 24 y el 29 de octubre de 2017 se realizó en Brasilia la Exposición Internacional de Filatelia que, con los auspicios de las federaciones internacional e interamericana de filatelia, reunió en la capital brasileña colecciones y obras de literatura filatélica de cincuenta y nueve países.

En el marco de esta Exposición, la tarde del viernes 27 de octubre, en el Centro de Convenciones Ulisses Guimarães, se instaló la LI Asamblea Anual Ordinaria de la Federación Interamericana de Filatelia. La Mesa Directiva estuvo integrada por el Presidente de la FIAF, Luis Claudio Fritzen; el Vicepresidente Yamil Kouri; el Secretario, Juan Pablo Aguilar Andrade; el Tesorero Ad-hoc Charles Verge; y los consejeros Heinz Junge, Alfonso Molina y José Raúl Lorenzo. Asistieron, además, cuatro de los siete presidentes de comisiones especializadas: Miguel Casielles (Historia Postal), Walter Britz (Tradicional), Arturo Ferrer (Enteros Postales) y Christian Pérez (Juventud). Diecisiete países de la Federación acreditaron delegados para participar en la Asamblea.

Punto destacado de la Asamblea fue el saludo que, antes de su instalación, recibió del Directorio de la Federación Internacional de Filatelia, seis de cuyos integrantes se hicieron presentes en la sala de sesiones. El grupo estuvo encabezado por el Presidente de la Federación Internacional, señor Tay Peng Hian, quien estuvo

THE LI ASSEMBLY OF THE INTERAMERICAN FEDERATION OF PHILATELY MET IN BRASILIA

From October 24-29, 2017 an International Philatelic Exhibition took place in Brasilia, sponsored by the International and Inter American Federations of Philately, which gathered in the Brazilian capital collections and works of philatelic literature from fifty-nine countries.

Within the frame of this Exhibition, in the afternoon of Friday, October 27, in the Ulisses Guimarães Convention Center, the LI Annual Ordinary Assembly of the Inter American Federation of Philately was convened. The table of Directors was formed by FIAF President, Luis Claudio Fritzen; Vice-President Yamil Kouri; Secretary, Juan Pablo Aguilar Andrade; Treasurer Ad-hoc Charles Verge; and directors Heinz Junge, Alfonso Molina and José Raúl Lorenzo. Also, four of the seven specialized commissions presidents were present: Miguel Casielles (Postal History), Walter Britz (Traditional), Arturo Ferrer (Postal Stationery) and Christian Pérez (Youth). Seventeen of the Federation countries sent accredited delegates to participate in the Assembly.

A high point of the Assembly was the greeting that, before the start of the meeting, was received from the Directors of the International Federation of Philately, seven of whom were present in the room. The group was led by the President of the International Federation, Mr. Tay Peng Hian, who was accompanied by vice-presidents Reinaldo Macedo, Bernard Beston and Bernard Jiménez;

f.l. Mr Juan Pablo Aguilar, Mr Tay P. H., Mr L. C. Fritzen, Mr R. E. Macedo, Dr P. Chirakiti, Mr A. Samamé y Samamé, Mr B. Jimenez, Mr B. Beston

acompañado por los vicepresidentes Reinaldo Macedo, Bernard Beston y Bernard Jiménez; y por los directores Aldo Samamé y Prakob Chirakiti y por la señorita Kelly Ong.

En su saludo, el Presidente de la FIP se refirió a temas fundamentales para el trabajo de las dos federaciones, fundamentalmente a la necesidad de que se impulse la participación de colecciones americanas en las próximas exposiciones FIP, pues la presencia mayoritaria de colecciones es la que permite integrar un mayor número de jurados del área FIAF a esos certámenes.

La Asamblea de la FIAF pasó inmediatamente a rendir homenaje a destacados filatelistas americanos, fallecidos desde la reunión de la Asamblea de Córdoba (Argentina), del año 2016, por medio de un minuto de silencio que permitió recordar la vida y la obra de Juan Bosco Oberti, Leo John Harris, Guillermo Peña Andrade, Ernesto Zicari y Abraham Gelber.

Un tema de particular importancia que se trató en la Asamblea, fue el relacionado con el registro de la Federación Interamericana en Costa Rica, a fin de formalizar su funcionamiento legal, conforme las resoluciones adoptadas en la Asamblea de Quito, el año

and by directors Aldo Samamé, Yigal Nathaniel and Prakob Chirakiti, as well as by Miss Kelly Ong.

In his address, the FIP President mentioned the fundamental work areas for both federations, particularly the need to promote the participation of collections from the Americas in the next FIP exhibitions, because the higher number of collections will allow for a greater selection of jury members from the FIAF area for these events.

The FIAF Assembly then moved to honor the distinguished philatelists from the Americas who passed since the last Assembly meeting in Córdoba (Argentina), in 2016, by observing a minute of silence in their memory, for the life and work of Juan Bosco Oberti, John Leo Harris, Guillermo Peña Andrade, Ernesto Zicari and Abraham Gelber.

A particularly important theme that was dealt with in the Assembly was that of the registration of the Inter American Federation in Costa Rica, in order to formalize its legal status, according to the resolutions adopted during the Quito Assembly in 2015. Alfonso Molina, delegate from Costa Rica, reported that the inscription was finally successful, after a long legal process, which

2015. Alfonso Molina, delegado de Costa Rica, informó sobre el éxito de las gestiones y la realización efectiva de la inscripción, luego de un largo trámite legal, lo que permite a la FIAF contar con una personalidad jurídica plenamente registrada en Costa Rica, y con un nuevo domicilio legal en la capital de ese país.

Precisamente como consecuencia de esto, fue necesario modificar, lo que se hizo en la Asamblea, los estatutos de la Federación, a fin de que se establezca en ellos el traslado de su sede social, desde Bogotá a San José. Se designó también una comisión, integrada por

makes the FIAF a properly registered legal entity in Costa Rica, with a new legal residence in this country's capital.

As a direct consequence of this, it became necessary to change the Federation's bylaws and move the legal residence from Bogota to San Jose, which was done in the Assembly. Also, a commission was appointed to draft new bylaws to be presented at the next Assembly, formed by Martha Villarroel de Peredo, Miguel Casielles, Alfonso Molina and Paul Novoa, that make the social regulations compliant with the requirements of the Costa Rican legal system.

Martha Villarroel de Peredo, Miguel Casielles, Alfonso Molina y Paul Novoa, para preparar un nuevo proyecto de estatutos que pueda ser conocido en la próxima Asamblea y que adapte las regulaciones sociales, a las exigencias de la legislación costarricense.

La Asamblea escuchó y aprobó los informes del Consejo Ejecutivo de la Federación y las de los presidentes de las comisiones especializadas y, una vez que se siguió el procedimiento reglamentario establecido y se contó con el informe del jurado designado para el efecto, se adjudicó el premio de literatura filatélica Álvaro Bonilla Lara a los señores Miguel José Casielles, Hugo Javier Lencina y Juan Pablo Miri, autores del Catálogo Especializado de Perforados República Argentina.

Ante la renuncia del presidente Patricio Aguirre Warden, la Asamblea hizo la elección de quien deberá reemplazarlo hasta la conclusión del período, el año 2018. En forma unánime se designó al señor Luis Claudio Fritzen, que venía actuando como presidente encargado.

La Asamblea aprobó otorgar su auspicio a tres exposiciones y un congreso filatélico. Las primeras son las que se realizarán en Lima durante la segunda semana de septiembre de 2018, en Santiago de Chile en octubre de 2018 y en Buenos Aires en marzo o abril de 2019; en principio, se trata de exposiciones continentales, si bien la de Santiago de Chile tendrá como participante invitado a Australia. La Asamblea ratificó además su auspicio al Tercer Congreso de Filatelia Temática, que se desarrollará en el año 2018, en una fecha por definir.

La Asamblea se cerró luego de definir, como sede de la próxima reunión continental, a Santiago de Chile, en el marco de la Quinta Exposición Filatélica del Pacífico Sur, en octubre de 2018.

The Assembly listened to and approved the reports of the Federation's Executive Council and of the presidents of the specialized commissions, and after following the process established by the regulations and reading the report of the designated jury, the Álvaro Bonilla Lara philatelic literature award was given to Miguel José Casielles, Hugo Javier Lencina and Juan Pablo Miri, authors of the Catálogo Especializado de Perforados República Argentina.

Following the resignation of President Patricio Aguirre Warden, the Assembly elected his replacement until the end of his term in 2018. By unanimous vote, Mr. Luis Claudio Fritzen, who had been acting President up to that point, was duly elected President.

The Assembly approved granting its sponsorship to three exhibitions and a philatelic congress. The first ones will take place in Lima during the second week of September 2018, in Santiago de Chile in October 2018 and in Buenos Aires in March or April 2019. In principle, these are continental exhibitions, although the one in Santiago de Chile will also invite Australia to participate. The Assembly also ratified its sponsorship of the Third Congress of Thematic Philately, which will take place in 2018, at a time to be determined, in Colombia.

The Assembly came to a conclusion after deciding to hold its next continental meeting in Santiago de Chile, during the Fifth Philatelic Exhibition of the South Pacific in October 2018.
