## FIP Cocktail Reception for FIAF members on the evening of October 11, 2018 at Presidente Suites, Santiago, Chile

The FIP Board was very happy to be able to host a Cocktail Reception on the evening of October 11 for all the delegates of FIAF member federations who were present at EXFIL2018. A total of 50 invited guests from 17 countries attended the event

and everyone had a great time interacting, getting to know one another and sharing about philately in their own countries. For many, it was a great start to many years of friendship ahead!

## FIP Meeting with FIAF Delegates on October 13, 2018 at Vienna Room 1, Presidente Suites, Santiago, Chile

FIP President Mr Tay welcomed all the 29 delegates who attended the meeting and introduced the FIP Board members to everyone. He recalled fondly that FIP had visited San

Francisco, Costa Rica, Quito in recent years and now Santiago, to forge closer relationships with FIAF member federations.

*FIAF delegates present at the meeting with the FIP Board of Directors.*

Mr Heinz Junge, Commissioner General for EXFIL2018 and representative for the Chilean Philatelic Federation, was invited to give a short speech. He thanked the FIP Board of Directors for making the trip to attend EXFIL2018. His Federation had come a long way in making the exhibition happen and he was very pleased that 18 countries came together to show their exhibits, all united with a common love for philately. His Federation hoped to work more closely with FIP in the future to arrange more regional exhibitions and he expressed his appreciation for the FIP sponsorship, which was the only sponsorship received for the entire exhibition.

FIP President Mr Tay congratulated Mr Junge on the successful

exhibition and the magazines published by the Chilean Philatelic Federation.

The magazines of Bolivia and Costa Rica federations were also well published and provided a wealth of interesting contents. He encouraged that these publications be submitted as Literature exhibits in future FIP Exhibitions.

FIAF member federations were also encouraged to exhibit more Traditional and Postal History exhibits in the upcoming FIP exhibitions. He also encouraged FIAF jurors to register and participate actively for the upcoming FIP Jury Academy classes in 2019.

*Mr Heinz Junge (right, standing) was invited to give a speech at the beginning of the meeting between the FIP Board of Directors and FIAF delegates.*

Delegates of the member federations each took turns to introduce themselves and updated on the upcoming philatelic activities to be held by their respective federations, as well as some of the challenges that they faced, for example, some federations did not have enough frames to hold exhibitions. Mr Tay suggested that in such cases, the federations could consider borrowing frames from neighbouring countries. In the case of Singapore where storage costs were high, the national federation did not own many frames and would borrow frames from neighbouring countries and pay for the transportation and insurance costs for the shipping of the frames when they hold larger scale exhibitions, for example, most recently for SINGAPORE 2015 World Stamp Exhibition and the upcoming

SINGPEX 2019 FIAP Asian International Stamp Exhibition.

FIP Vice-President Mr Bernard Beston expressed that he was very happy that there would be more upcoming national or regional exhibitions in South America, for example in Costa Rica and Ecuador, as these exhibitions would be important to improve the standards of exhibits and judging. Such smaller-scale exhibitions were more affordable to hold and would help organisers and delegates gain important experiences.

The FIP Board congratulated all FIAF members for working and cooperating closely with FIAF President Mr Luis Claudio Fritzen, who had put in a lot of efforts in uniting FIAF.

## Open Philately Seminar Held in Prague on August 18, 2018

*Open Philately by Jenny Banfield (Photo courtesy of Veni Ferant).*

Twenty-six people attended this seminar on “Open Philately Exhibiting – Treatment & Material”. After welcoming them, there was a Powerpoint presentation on the Guidelines for exhibiting. This generated some very lively discussion – one of the topics was how do judges assess ‘Importance’ of the material in ‘Open Philately’ and the fact that Thematic Philately does not have ‘Importance’. It is pleasing to see that this problem has been resolved by removal of ‘Importance’ from the judging criteria for Open.

Another hotly discussed topic was ‘How do you calculate the percentage of non-philatelic material?’ Mostly you can tell by standing back and viewing exhibit in the frames. If in doubt an easy way is to check how many ‘half pages’ are taken up with non-philatelic material - this is for the exhibit overall, not for each frame or each page. You do not count every item – one stamp is not equivalent to one large cover or document.

What material can you include in your exhibit? It should not offend the viewers – otherwise most items can be shown. The judges are looking for a wide variety of non-philatelic material. In my exhibit on ‘Medicine – Its History & Development’ I include newspaper cuttings, revenue stamps and documents, postcards, trade cards, cinderellas, cigarette cards, a cigarette and even a black rubber rat! I do not include

anything on contraception as this may offend some people.

I put up several frames of my exhibit round the walls – this allowed people to assess the amount of philatelic vs. non-philatelic material and the wide variety of material used. The presentation also stressed the importance of having a story – and particularly a beginning and an end.

Always remember it is a philatelic class and a philatelic exhibit – so there must be philatelic variety and philatelic information with examples such as flaws, proofs, printing errors, booklets etc. Preferably include one or more philatelic studies e.g. different issues of the same image – South Africa 1941 nurse normal size, ‘bantam’ wartime issue, different languages, flaw.

It was great that so many people took part in the discussions on this increasingly popular class. Everyone attending was sent a copy of the presentation by email plus three non-attendees who requested it. I would like to thank PRAGA 2018 for the opportunity to promote Open Philately and also Birthe King and Norman for their help.

The EXFIL2018 FIAF Continental Philatelic Exhibition held from October 9-13, in Santiago de Chile. Eighteen countries, including special guests Spain and Australia, were represented by 107 exhibits and 19 Literature entries, filing 500 frames.

*National Commissioners for EXFIL2018*

The Organizing Committee arranged for the Exhibition to be held at the Hotel Presidente Suites, where an underground level was appropriately set-up, secured, and lit for this event. Commissioners, Jurors, and many special guests were hosted and enjoyed a comfortable stay at this same hotel.

*Jury Team for EXFIL2018*

Chilean collectors, and Authorities and philatelists from many countries attended the inaugural ceremony, held in the exhibition space. A full-color catalogue of the Exhibition

was available. Correos Chile commemorated the event by presenting a newly-issued special stamp and souvenir sheet, followed by a welcome cocktail which was enjoyed by all.

*Opening Ceremony of EXFIL2018 on October 9, 2018*

While the Jury was hard at work, many guests enjoyed various activities including a one-day tour to Valparaíso and Viña del Mar. Members of the Royal Philatelic Society enjoyed a special reception at the Hotel Presidente Suites.

The Thematic Philately Commission hosted its third congress at the headquarters of the Sociedad Filatélica de Chile, featuring presentations from members from eight different countries. A highlight was the presentation of five new Postal Stationery catalogues of Spain. This interesting two-day congress was enjoyed by many visitors and Chilean collectors.

In an effort to work more closely with smaller countries' Federations and support Continental exhibitions, the FIP Board chose to hold their work session in Santiago, Chile, during EXFIL2018. In addition to hosting a social get-together, the FIP Board also invited the FIAF representatives to a specially-called work session. While attending the FIAF

Continental Assembly, the FIP Board was able to share their interest in providing support and assistance to all countries to encourage better work in philately.

A special luncheon celebrating 50 years since the FIAF Continental Federation's foundation in 1968 was held at the hotel, as was the LII Assembly. Sixteen American Federations and Spain were represented, and part of the Board was re-elected or elected. Many Federations noted their interest for hosting Continental or multinational Exhibitions in coming years.

The Palmares was held in the dining-room of the hotel, with over 100 guests in attendance. FIP Board members, Jurors, Commissioners, and exhibitors from different countries enjoyed a nice evening with a special dinner, folkloric performance, printed Palmares, diplomas, medals, and jury-assigned Special Prizes.

*FIP Grand Prize winner Mr Julio Cesar Ponce Lozada (Peru) receiving the prize from FIP Vice-President Bernard Jimenez*

I'd like to express our thanks to all our guests, visitors, exhibitors, Commissioners, Jurors, and Authorities, who gave their time to come to Chile and contributed to make EXFIL2018 successful.

And finally, a special thanks to FIP Board, who thoughtfully and generously supported the development of philately in the small, distant county of Chile through their significant Sponsorship.

Many thanks to all of you,
